LT RINSE DRY AID

High Solids Rinse

LT Rinse Aid is specifically designed to handle the problems of water hardness in the final rinse of mechanical dishwashers. It is a heavy-duty rinse additive which eliminates spots on all types of kitchen utensils as well as preventing deposits of hard water minerals in the rinse section of the dish machine. This product can be used in the hardest of water conditions with excellent results.

DIRECTIONS FOR USE

Directions for Use:

USE DILUTION: Concentration varies due to environmental conditions. Your sanitation specialist will properly adjust product concentration to meet your needs.

*KEEP FROM FREEZING

**Please consult your BEN E KEITH sales Representative for additional use directions.*
