LIQUID BREAK

LIQUID BREAK is essential to the performance of the Multi-Component Laundry System. It boosts the cleaning power of the surfactant and softens the hardest water to eliminate scale build-up.

Corrosion inhibitors prevent damage to delicate machine parts. A neutralizer should be added to the pre-rinse when using this builder/break.

DIRECTIONS FOR USE

Directions:

For the following capacity washers, add the amount shown:

200 pound capacity - 4 to 8 oz.

75 pound capacity - 2 to 4 oz.

35 pound capacity - 1 to 2 oz.

Program dispenser to add correct amount with wash water fill. After all items of liquid system are set, run test load of badly soiled and stained linens to observe remarkable cleaning. Check for alkali or acid residue and adjust break or neutralizer as needed.

**Please consult your Sales Representative or call (888) 260-0201 for additional use directions.*
